GREEN POWER© 25 & 40

GREEN POWER© is a product we have invented over a few years and are able to offer it now to you.

Missing healthy greens over winter? We have carefully selected powerful greens which are loaded with chlorophyll and a broad spectrum of minerals and vitamins. These plants each have a specific purpose and work best when blended together. With the regular use of **GREEN POWER©** you feel more vital, you benefit from gentle blood cleansing, easier digestion, enhanced kidney function, better oxygen absorption and more. The green leaves get harvested in season at their prime, dried carefully, stored and processed in small quantities into a powder; therefore we can guarantee highest freshness and quality.

Use **GREEN POWER©** for your smoothies, soups, salad dressing, on your sandwich, stir fries and so much more. **GREEN POWER©** must be stored out of light.

GREEN POWER© contains 15 -20 different potent green plants, plus 25% or 40% natural sea salt, indicated with the number on your package.

GREEN POWER© 25: tastes hardly salty and is recommended for smoothies, or people who have to watch their salt intake; get creative how to use it! You need only 1/4 or less of a teaspoon for 200ml smoothie, in order to have a great boost of minerals and vitamins for the day!

GREEN POWER© 40: tastes lightly salty and is recommended for seasoning your salad, sandwich, soups or vegetables. With daily use you add important minerals and vitamins to your regular diet. Use 1/4 of a teaspoon for a bowl of salad and season your sandwich, eggs, soups etc with it.
